Comments

The profit for the group after providing for income tax amounted to \$4,823,941 including a gain on loan forgiveness of \$8,416,780 (31 December 2019: loss of \$5,368,529).

EBITDA for the financial half-year amounted to a profit of \$1,619,273 (31 December 2019: profit of \$655,341).

EBITDA is a financial measure which is not prescribed by Australian Accounting Standards ('AAS') and represents earnings before interest, tax, depreciation and amortisation, adjusted for non-specific non-cash and significant items.

Revenue from ordinary activities of \$14,441,341 was up 9.7% on prior comparable period ('pcp'). Half-year ended 31 December 2020 ('H1 FY21') was a record half, attributable to strong growth in the Data & Insights business unit which includes the Platform SaaS business.

The group experienced strong global growth in the core Data & Insights business of 20% on pcp. The Platform SaaS business unit grew 100% on pcp leveraging the momentum built in the prior half.

EBITDA was \$1,619,273 which was 147% up on pcp due to the strong revenue growth during the half-year.

The growth in revenue and EBITDA in H1 FY2021 was driven by a number of successful initiatives:

- Appointment of the new CEO Martin Filz and the group's improved balance sheet which assisted in the ability to attract new revenue accretive talent and win customers.
- The group maintained headcount during the initial period of COVID-19, and so as markets continue to recover, the group was well positioned to take advantage of the surge in demand for consumer insights.
- Implementation of a clear strategy for the group:
 1. Increase data
 2. Increase SaaS client base
 3. Grow Data and Insights and Media Business
- Continued investment in client facing and revenue generating capability with new salespeople in Singapore, UK, Australia, India and the USA.
- Increase in Pureprofile client spend on market research as companies sought to understand the array of altered consumer preferences post COVID-19.
- Increase of panel sizes in Australia, NZ, UK and US giving ability to generate more client insights.
- Software enhancements giving richer client functionality.

The group generated revenues of \$14,441,341 for the half-year ended 31 December 2020 which represented a 9.7% increase on pcp (H1 FY2020: \$13,162,342).

The core Data & Insights business unit grew 20% on pcp (H1 FY2021: \$12,079,542 vs H1 FY2020: \$10,048,283). The growth in the Data and Insights business unit was attributed to the success of the corporate growth strategy. The corporate growth strategy is to continue to build on the group's core data and analytics assets, while leveraging them through commercial applications. The Platform SaaS business unit grew 100% on pcp leveraging the momentum built in the prior half.

During H1 FY2021 the group continued its investment in sales roles globally and panel growth in the Australian and United Kingdom markets. The group opened a Singapore office and expanded the United Kingdom and Australian offices. The group also expanded its Australian data partnerships during H1 FY2021 and built new products to further capitalise on the Saas momentum and the market expansion.

EBITDA was \$1,619,273 which was 147% up on pcp (H1 FY2020: \$655,341) due to the strong revenue growth during the half-year.

Profit after income tax was \$4,823,941 (including the \$8,416,780 gain on loan forgiveness) which was 189.9% up on the pcp (H1 FY2020: loss of \$5,368,529). The group's recapitalisation plan was successfully completed in Q2, which raised \$3.5m in new cash (net cash post transaction cost of \$2.5m) and reduced the debt facility from \$25m to \$3m. The new debt facility has an annual interest rate of 8.5%, no covenants and no early repayment penalties. \$8,416,780 of borrowings under the previous debt facility were forgiven as part of the recapitalisation plan. The group had a net asset position of \$4,646,219 as at 31 December 2020 compared to a net asset deficiency of \$18,738,626 at 30 June 2020.

The group generated positive cashflows from operating activities for H1 FY2021 of \$286,420 (H1 FY2020 was an outflow of \$842,131). The group's cash balance as at 31st December 2020 was \$3,116,469 (H1 FY2020: \$640,985).

The group has continued to hire new world-class talent to strengthen its people offering. This includes the expansion into Mainland Europe and investment into Product and Innovation capability in Q3 FY2021. The investment in sales roles globally will continue into FY22.

The group announced a number of new products to its existing suite of products including: the Engage Survey Builder, Insights Builder, Virtual Shelf & Eye-tracking solution and Transactional Data Dashboards. The group will focus on the launch of Data Dashboards in the UK whilst expanding this offering in Australia.

The group will also focus on continued panel growth for new and existing countries to maintain and build on the revenue momentum from H1 FY2020 across the business.

Looking forward the group is well positioned to take advantage of the impact privacy legislation is having on the ability for companies to generate their own insights and intelligence around theirs and competitor consumers. This is resulting in new and exciting data partnership discussions within existing and new markets resulting in a very healthy pipeline.

Significant changes in the state of affairs

The following significant changes in the state of affairs occurred during the half year:

- **Board members:** Mr Martin Filz was appointed as Chief Executive Officer and Executive board member, Mr Aaryn Nania resigned as non-executive board member, effective on 2 September 2020.
- **Capital raising and Restructure of Debt facility:** During Q2, the group successfully raised \$18.80 million (before expenses and subject to rounding) (the **Entitlement Offer**). The proceeds of the Entitlement Offer have been used as follows:
 - (i) significantly restructured the balance sheet by converting a large proportion of the group's debt to equity;
 - (ii) partially pay down the group's existing debt to \$3m;
 - (iii) inject further funds into the sales team and global panel partnership;
 - (iv) commercialisation of the group's technology;
 - (v) provide working capital for the group; and
 - (vi) pay the costs of the Entitlement offer.

Following the completion of the Entitlement Offer and allocation of funds under that offer against the existing debt, the remaining balance of the facilities (\$8,416,780) has been forgiven. The **New Facility** terms are as follows:

- **New \$3m facility** - replacing the previous facilities is a new, fully-drawn \$3m loan facility, effective on 29 December 2020;
- **Interest on New Facility** - interest rate of 8.5% per annum (payable quarterly);
- **Maturity of New Facility** - 3 years from the date of completion of the Entitlement Offer and payable in advance at the group's discretion;
- **No performance covenants** - the New Facility does not contain business performance covenants; and
- **Performance rights cancelled** - the performance rights that were previously issued to Lucerne have been cancelled.

The New Facility is subject to warranties, indemnities, fees and default fees and terms, which the group considers usual for a transaction of this size and scope.

There were no other significant changes in the state of affairs of the group during the financial half-year.

Matters subsequent to the end of the financial half-year

No matter or circumstance has arisen since 31 December 2020 that has significantly affected, or may significantly affect the group's operations, the results of those operations, or the group's state of affairs in future financial years.

Likely developments and expected results of operations

The group will continue to build on its core Data & Analytics assets while leveraging them through commercial applications such as its self-service platform. The group's corporate strategy is three-fold:

- (1) Focus on building a stronger and more diverse global panel and add complementary data sources through acquisition and partnerships.
- (2) Begin distribution of our SaaS self-service insights platform.
- (3) Leverage Pureprofile's proprietary data.

Although the economic outlook for the year ahead is uncertain, we will focus on the execution of our corporate strategy and investment to drive earnings growth and positive cash flows from operating activities.

Rounding of amounts

The Company is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar.

Note 1. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2020 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2020 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

New or amended Accounting Standards and Interpretations adopted

The group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Coronavirus (COVID-19) pandemic

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the consolidated entity based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the group operates. Other than as addressed in specific notes, there does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the group unfavourably as at the reporting date or subsequently as a result of the Coronavirus (COVID-19) pandemic.

Going Concern

The directors have prepared the financial statements on a going concern basis, which contemplates continuity of normal activities and realisation of assets and settlement of liabilities in the normal course of business.

The group generated a profit after income tax of \$4,823,941 for the half-year ended 31 December 2020, including a gain on loan forgiveness of \$8,416,780 (31 December 2019: loss after income tax of \$5,368,529) and was in a net current assets position of \$598,857 (30 June 2020: net current liability position of \$26,585,968), which included cash of \$3,116,469. The group generated positive cash flows from operations of \$286,420 (31 December 2019: negative cash flows from operations of \$842,131).

The directors believe that there are reasonable grounds to conclude that the group will continue as a going concern, after consideration of the following factors:

- The group completed a fully underwritten renounceable pro rata entitlement offer during the period ended 31 December 2020, which raised \$18.8 million (before expenses). The proceeds of the Entitlement Offer have been used as follows:
 - (i) significantly restructured the balance sheet by converting a large proportion of the group's debt to equity;
 - (ii) partially pay down the group's existing debt to \$3m;
 - (iii) inject further funds into the sales team and global panel partnership;
 - (iv) commercialisation of the group's technology;
 - (v) provide working capital for the group; and
 - (vi) pay the costs of the Entitlement offer.
- The group's lender forgave borrowings amounting to \$8.4m;
- Under the new CEO Martin Filz and the restructured management team, the group has successfully implemented a new corporate growth strategy which is delivering strong revenue and EBITDA growth across all regions; and
- Management is forecasting positive net cash flows for at least 12 months from the date of these financial statements.

Note 1. Significant accounting policies (continued)

Accordingly, the directors believe the group will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the consolidated financial report. Should the group be unable to continue as a going concern it may be required to release its assets and discharge its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying value amounts of the amounts of liabilities that might result should the group be unable to continue as a going concern and meet its debts as and when they fall due.

Note 2. Operating segments

Identification of reportable operating segments

The Group is organised into three operating segments:

- Data & Insights;
- Media; and
- Performance

These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

Other segments represent the corporate headquarters of the consolidated entity.

The CODM reviews EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements.

Types of products and services

The principal products and services are as follows:

Data & Insights	Conducting market research and providing research technology platforms
Media	Buying and selling online advertising inventory on behalf of advertisers and publishers
Performance	Generates leads for clients through its consumer database and proprietary and partner digital assets

Major customers

No single customer contributed 10% or more to the group's external revenue during the half-years ended 31 December 2020 and 31 December 2019.

On 19 October 2020, the group and its existing lender, Lucerne, entered into a new agreement in respect of its debt facility ('new facility'). Under the terms of the new facility, \$7,300,000 of borrowings (balance as at 30 September 2020) under the previous facility were to be forgiven on the basis that funds from the group's capital raise were used to repay the remaining debt under the previous facility. Following completion of the capital raise, the group repaid \$9,896,878 of the loan and in accordance with the terms of the new facility and the underwriting letter agreement, a shortfall amount of \$5,407,292 has been converted into shares, the remaining balance of \$8,416,780, which included accrued interest, was forgiven. The performance rights that were previously issued to Lucerne under the previous facility have been cancelled.

The new facility is \$3,000,000, which is effective from 29 December 2020. Interest is fixed and payable at 8.5% per annum and is payable quarterly on the last day of the quarter. The facility expires on 29 December 2023. The new facility does not contain business performance covenants. The loan is secured over the assets of the group. As at 31 December 2020, the new facility has been fully drawn.

Independent Auditor's Review Report

To the Members of Pureprofile Limited

Report on the review of the half year financial report

Conclusion

We have reviewed the accompanying half year financial report of Pureprofile Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2020, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half year ended on that date, a description of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Pureprofile Limited does not comply with the Corporations Act 2001 including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibility for the half year financial report

The Directors of the Company are responsible for the preparation of the half year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2020 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
