
ANNOUNCEMENT TO THE ASX – 8 April 2021

Inventis Limited [ASX: IVT] – New Strategic Agreement

In accordance with Listing Rule 3.1, Inventis Limited is pleased to announce that the Group's associated Company Winya Indigenous Office Furniture Pty Ltd, has entered into a new cooperation agreement in the Architectural and Design space signed with leading International Brand.

The Winya Indigenous Furniture brand is breaking into new territory with a cooperative Memorandum of Understanding Agreement signed with international brand Wilkhahn to support Winya in the Architecture and Design Industry.

Greg Welsh, the General Manager and co-founder of Winya has said;

"I am excited to have an opportunity to supply and work closely with a significant International brand, with future cross collaborative opportunities opening up in as a result."

The group will showcase the top end ranges of Wilkhahn at the Canberra showroom making it a central point of the group's rapidly expanding footprint across Australia.

Wilkhahn has committed to work with our group's facilities and Winya Indigenous Furniture's Indigenous Engagement Program. This will help Winya gain access to Australian Architectural work in the Design Space on larger projects showcasing top end quality boardroom suites, meeting rooms and sleek executive furniture.

Winya currently has in excess of \$11 Million in its order pipeline and expects this will swell to over \$15 Million in F22 as a result of initiatives it is currently undertaking, making this majority owned Indigenous business Australia's fastest growing commercial furniture organisation.

Winya has recently initiated the visionary "The First Map Project" exploring and educating on the diversity of Indigenous cultures and languages through a travelling performative art piece across the country. The showcase was launched in Sydney and will make its way across Winya's showrooms highlighting the need for both Government and Corporate Australia's leaders to get behind this majority owned and run enterprise.
