

### Dear Fellow Shareholder,

#### Investment portfolio performance

In September, the Future Generation Australia (ASX: FGX) investment portfolio outperformed the S&P/ASX All Ordinaries Accumulation Index by 1.1%. The investment portfolio decreased 0.5%\* for the month whilst the Index fell 1.6%. The Future Generation Global (ASX: FGG) investment portfolio decreased 3.4%\* for the month, while the MSCI AC World Index (AUD) fell 2.8%.

Since inception, the FGX investment portfolio has increased 11.4%\* per annum and the FGG investment portfolio has increased 11.4%\* per annum. The investment portfolios' performance has been achieved with less volatility than their indexes, as measured by standard deviation.

#### Future Generation Australia Bonus Issue of Options

Future Generation Australia shareholders received a [Bonus Issue of Options](#) on 4 October 2021, trading under ASX: FGXO.

Each Future Generation Australia Option provides shareholders with the right, but not the obligation, to purchase one additional Future Generation Australia share for \$1.48 per Option, without paying brokerage fees. The Options can be exercised anytime, up until 28 April 2023.

Shares issued on Options exercised on or before 17 November 2021 and held at the dividend record date of 22 November 2021 will receive the fully franked interim dividend of 3.0 cents per share, which represents an annualised fully franked dividend yield of 4.1% and a grossed-up dividend yield of 5.8%<sup>^</sup> on the exercise price of \$1.48 per Option.

#### Investor Update and Q&A webinar

In case you missed it, we encourage you to access the [recording](#) of Future Generation's Investor Update and Q&A webinar with Geoff Wilson AO.

\*Investment portfolio performance is before expenses, fees and taxes to compare to the relevant index which is also before expenses, fees and taxes.

<sup>^</sup>Grossed-up dividend yield includes the benefits of franking credits and is based on a tax rate of 30.0%.

#### A message from your new CEO

I am three weeks into my new role and it has been incredibly stimulating. From talking to shareholders, listening to the Investment Committees' discussions regarding the portfolios as well as acknowledging our fantastic fund managers, who are so integral to the success of Future Generation.

As we begin to announce the donations to the various charities that we are supporting, I am very aware of the significance of your support, during this time of uncertainty and change.

My thanks to Future Generation Founder and Director Geoff Wilson AO and Director and former Acting CEO Kate Thorley for the exciting opportunity to grow the Future Generation companies.

I would also like to thank all who joined us on our Investor Update and Q&A webinar and our guest fund managers Ben Griffiths from Eley Griffiths and Ryan Quinn from WCM Investment Management. We hope you enjoyed the discussions.

As the lockdown ends, I look forward meeting you all in person, together with my fellow Chairs, Directors and fund managers.

In the meantime, please let us know what we can do better by completing a short [survey](#). If you have any questions, please call (02) 9247 9202 or email [info@futuregeninvest.com.au](mailto:info@futuregeninvest.com.au).

Best wishes,

Caroline Gurney

### About Nikko Asset Management

Nikko Asset Management (Nikko AM) is one of Asia's largest asset managers, providing high-conviction, active fund management across a range of Equity, Fixed Income and Multi-Asset strategies.

Yarra Capital Management acquired Nikko Asset Management's Australian business on 12 April 2021. As part of that acquisition, Yarra Capital Management assumed responsibility for the distribution of Nikko AM's global suite of products in the Australian market, including the Global Share Fund.

### About Yarra Capital Management

Yarra Capital Management is a leading independent, active Australian fund manager, with \$22 billion of assets under management. Founded in 2017, the Firm's offering includes its fundamental Australian equities product set, consisting of long-only, concentrated strategies, and fixed income capabilities which provide clients with access to core fixed income, credit, and multi-asset solutions. The Firm is also part owner of Tyndall AM, an award-winning Australian investment manager specialising in Australian value equities and provides access to a range of international equity products through its partnership with the Nikko Asset Management Group. The Yarra Capital Management Group serves the Australian institutional and retail markets, and its Australian investment products are accessed from various international markets, including Japan and New Zealand.

## Nikko Asset Management Global Share Fund

### Nikko AM Global Share Fund

The Nikko AM Global Share Fund is designed for investors looking for investment opportunities either not available or not well represented in Australia, and which are expected to provide long-term capital growth.

### Investment style

The Nikko AM Edinburgh-based investment team's strategy is based on the Future Quality philosophy. They create alpha by seeking Future Quality companies with sustainably high or improving returns on investment over the long-term.

The team identifies Future Quality by assessing a business across four key pillars - Quality of Franchise, Management, Balance Sheet, and Future Valuation. This framework gives them a complete picture of the potential for investment. They also believe that environmental, social and governance (ESG) considerations are integral to Future Quality - good companies make good investments.

The team's process for identifying long-term winners starts with robust idea generation that is validated by bottom-up fundamental research. They work within a flat team structure which means all portfolio ideas are peer challenged, with each portfolio manager sharing both analyst responsibilities and ownership of investment outcomes. Ideas are then ranked using their proprietary stock-ranking tool.

This process of actively challenging investment ideas limits cognitive biases that can lead to inferior returns. This comprehensive process generates a portfolio tilt towards growth and quality, with a total carbon footprint well below the MSCI All Countries World Index.

**Nikko Asset Management & Yarra Capital Management are proud to be supporters of Future Generation.**
