Director Resignation

Elementos Limited (ASX: ELT) advises that Mr Chris Dunks has resigned as a director of Elementos Limited to pursue other business opportunities.

The Company's Chairman, Mr Andy Greig said, *"Chris has been involved with the Company for many years including as a director for the past six years and played an important role in the Company's journey from mineral explorer to being a prominent tin project developer. We are rapidly moving towards becoming a producer of tin concentrate and I would like to thank Chris for his significant contribution and support and wish him well in his future endeavors."*

Elementos' Board has authorised the release of this announcement to the market.

ABOUT ELEMENTOS

Elementos is committed to the safe and environmentally conscious exploration, development, and production of its global tin projects. Elementos owns two world class tin projects with large resource bases and significant exploration potential in mining-friendly jurisdictions.

Led by an experience-heavy management team and Board, Elementos is positioned as a pure tin platform, with an ability to develop projects in multiple countries. The company is well-positioned to help bridge the forecast significant supply shortfall in coming years. This shortfall is being partly driven by reduced productivity of major tin miners in addition to increasing global demand due to electrification, green energy, automation, electric vehicles and the conversion to lead-free solders as electrical contacts.
