

ASX Announcement  
Spacetalk Ltd. (ASX: SPA)  
29 November 2021

## Market Update

Spacetalk Ltd. (ASX:SPA) (“Spacetalk” or “Company”), developer of innovative technologies that keep families safe and connected, provides the following update.

### North America Distribution

On 17 November 2021, the Company advised that sales of Spacetalk Adventurer devices would commence in North America in advance of Black Friday. The Company can confirm that this has occurred with the first Spacetalk watch having sold on 24 November.

Whilst having successfully launched with Amazon, Walmart, Best Buy Canada and on Spacetalk websites, the on-line launch with Best Buy US has been delayed because of discussions around a potential on-line and in-store launch in the first half of calendar 2022. These discussions are incomplete but appear promising.

Spacetalk devices are now sold across the European, Asian and North American time zones.

### Martin Darbyshire

Spacetalk has also recently announced the appointment of Martin Darbyshire as Chief Design Officer (“CDO”). Mr Darbyshire joins Spacetalk from London based design firm Tangerine, the company he founded in 1989, and where he remains Chairman.

As CDO, Mr Darbyshire will work closely with the Spacetalk team to further embed and advance its design-led culture as the Company embarks on its next phase of growth.

### AFR Fast 100

Spacetalk was this morning announced as a member of the Australian Financial Review (“AFR”) Fast 100. This list, compiled by the AFR recognises the fastest growing companies in Australia in 2020-21.

Spacetalk ranked number 72 on this list.

### **SPP Extension**

On 24 November 2021, the Company announced an extension to the close of its Share Purchase Plan ("SPP").

The Company was advised that some shareholders had only received their offer documents midway through the application window. As such, the Company chose to extend the offer period for an additional four business days until 2 December 2021 .

This announcement has been authorised by Spacetalk CEO Mark Fortunatow.

### **About Spacetalk Ltd.**

Spacetalk Ltd. (ASX: SPA) is a global technology provider of secure communication solutions for families to stay connected and protected.

Spacetalk's range of all-in-one smartphone GPS watches for children (Spacetalk Kids and Spacetalk Adventurer) and seniors (Spacetalk Life) are purpose built with tailored features, design qualities and best practice data encryption, security and privacy technologies, for families to stay confidently connected. Fun, fashionable, secure and technologically advanced, Spacetalk devices deliver confidence for the child and senior wearer, enhanced controls for the guardian, and engaging functionalities for the whole family to stay connected.

The Spacetalk App is designed to provide a family environment for fun, engaging and secure media consumption beyond its device control functionalities for the guardian. Every linked contact – parents, grandparents, extended family members and friends – regardless of whether they are Android or iOS users, can interact with linked Spacetalk devices and each other through the Spacetalk App.

Spacetalk was founded in 2001 and listed on the ASX in 2003 as MGM Wireless Limited, which developed the world's first SMS student absence notification platform for schools and went on to become Australia's most successful school messaging company. On 12 November 2020 the Company changed its name to Spacetalk Ltd.
