REVIEW & RESULTS OF OPERATIONS

Cassius Mining Limited is an African focused industrial mineral developer (Madagascar - Limestone).

The principal activities of the consolidated group during the financial period were mine development, mineral exploration and seeking mining opportunities.

The net loss for the half-year ended 31 December 2021, after providing for income tax amounted to \$166,788 (31 December 2020: loss of \$34,357).

EXPLORATION

The Company has refined its strategy for a 2022 drilling programme in Madagascar which has commenced in February 2022.

The Company continues to review opportunities to expand its portfolio where a significant benefit can be identified for its shareholders, with current negotiations underway on a number of projects.

COVID-19 MANAGEMENT

The global economic outlook is facing uncertainty due to the current COVID-19 pandemic, which has been having, and is likely to continue to have, a significant impact on global capital markets.

To date, COVID-19 has not had any material impact on the Company's operations other than in Madagascar where this country has been in lockdown and will limit our exploration activities. Since the end of the half year the 2022 drilling programme in Madagascar has commenced in February 2022.

Supply chain disruptions resulting from the COVID-19 pandemic and measures implemented by governmental authorities around the world to limit the transmission of the virus (such as travel bans and quarantining) may, in addition to the general level of economic uncertainty caused by the COVID-19 pandemic, also adversely impact the Company's operations, financial position and prospects.

The Company has implemented a COVID-19 management plan across its business in order to minimise the risk of infection for individuals. This includes personnel working remotely so as to reduce the frequency of travel.

The Company's COVID-19 management plan will be reviewed and updated based on the latest guidance from health professionals and the government as the situation develops.

EVENTS SUBSEQUENT TO REPORTING DATE

There are no known events subsequent to balance date that would have a material effect on these financial statements and there have been no material impact from COVID-19 after balance date other than the ASX considering the acquisition of two prospecting licences.

AUDITOR'S INDEPENDENCE DECLARATION

The lead auditor's independence declaration under section 307C of the *Corporation's Act 2001* is set out on page 4 for the half year ended 31 December 2021.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

1. Basis of Preparation

The half-year consolidated financial statements of Cassius Mining Ltd are a general purpose financial report prepared in accordance with the requirements of the *Corporations Act 2001*, Australian Accounting Standard AASB 134: Interim Financial Reporting and other Australian Accounting Standards which ensure compliance with International Financial Reporting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Cassius Mining Limited and its controlled entities (the group).

It is recommended that this financial report be read in conjunction with the annual financial report of the group for the year ended 30 June 2021 and any public announcements made during the half-year in accordance with continuous disclosure requirements arising under the *Corporations Act 2001*.

The accounting policies have been consistently applied by the entities in the consolidated group and are consistent with those in the June 2021 financial report.

The half-year report does not include full disclosures of the type normally included in an annual financial report.

Reporting Basis and Conventions

The half-year report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

New and Amending Accounting Standards and Interpretations

The accounting policies adopted in the preparation of the half year report are consistent with those followed in the preparation of the consolidated entity's annual financial statements for the year ended 30 June 2021, except for the mandatory adoption of new standards and interpretations. The adoption of these standards and interpretations did not have any material impact on the financial position or the performance of the Group.

Going Concern

The accounts have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and liabilities in the normal course of business.

The Directors are aware that the Group's ability to continue as a going concern, and its ability to pay its debts as and when they fall due, is largely dependent on successfully managing its short to medium term liquidity position.

**Independent Auditor's Review Report
To the Members of Cassius Mining Limited
A.B.N. 13 115 027 033
And Controlled Entities**

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year consolidated financial report of Cassius Mining Limited and controlled entities (the consolidated entity) which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the half-year ended on that date, the accounting policies and other selected explanatory notes and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The Directors of Cassius Mining Limited (the company) are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review engagements ASRE 2410: Review of a Financial Report Performed by the Independent Auditor of the Entity in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the consolidated entity's financial position as at 31 December 2021 and its performance for the half-year ended on that date and complying with Accounting Standard AASB 134: Interim Financial Reporting and the *Corporations Regulations 2001*. As the auditor of Cassius Mining Limited and controlled entities, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Matters Relating to the Electronic Presentation of the Audited Financial Report

This review report relates to the financial report of the company for the half-year ended 31 December 2021 included on the website of Cassius Mining Limited. The directors of the company are responsible for the integrity of the website and we have not been engaged to report on its integrity. This review report refers only to the half-year financial report identified above and it does not provide an opinion on any other information which may have been hyperlinked to or from the financial report. If users of this report are concerned with the inherent risks arising from electronic data communications, they are advised to refer to the hard copy of the reviewed financial report to confirm the information included in the reviewed financial report presented on the company's website.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Cassius Mining Limited, would be in the same terms if provided to the directors as at the time of this auditor's review report.

Emphasis of Matter Relating to Going Concern

Without qualifying our opinion, we draw attention to Note 1 in the financial report regarding going concern. The group incurred a net loss of \$166,788 for the half year ended 31 December 2021 and as of that date, had cash at bank of \$275,946, current assets of \$280,018, current liabilities of \$74,920 and total equity of \$1,122,554. These conditions, along with other matters detailed in Note 1, indicate the existence of a material uncertainty which may cast doubt on the group's ability to continue as a going concern.

Conclusions

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Cassius Mining Limited and controlled entities is not in accordance with the *Corporations Act 2001* including:

- (i) giving a true and fair view of the consolidated entity's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- (ii) complying with AASB 134: Interim Financial Reporting and the *Corporations Regulations 2001*.
