Surat Farmin Negotiations with Gas2Grid Cease

On 22nd November 2021, Armour announced it had reached indicative terms with Gas2Grid Limited (ASX:GGX) for farm-ins to 519 km² of Armour Energy's Surat basin acreage. Armour Energy has been advised by Gas2Grid that they have determined that not to proceed with completing the binding farmin arrangements due to certain commercial issues relating to securing tenure during the earn-in phase of the farmin. Due to this uncertainty, Gas2Grid assessed that the farmin included non-technical risks that would not be acceptable. Armour Energy will continue to pursue exploration and development of the Surat Basin acreage.
