QUARTERLY ACTIVITIES REPORT AND APPENDIX 4C

In accordance with ASX Listing Rule 4.7B, Vectus Biosystems Limited (Vectus or the Company) presents its March 2022 Quarterly Activities Report and Quarterly Cash Flow Report – Appendix 4C.

Overview

VB0004 Phase I human clinical trial – Single Ascending Dose (SAD) Cohorts 1 through 4 – have been completed, and SAD Cohort 5 and Multiple Ascending Dose (MAD) Cohort 6 are in progress.

Commentary on Activities for March 2022 Quarter

During the quarter, Cohort 4 of the SAD study was completed and the data was reviewed by the trial safety review committee, which gave permission for dose escalation to a dose of 300mg of VB0004 to occur. No significant adverse events were observed in any of the cohort studies completed to-date.

The final SAD cohort (Cohort 5), in which participants have received a dose of 300mg of VB0004, is currently in progress. The first MAD cohort (Cohort 6), in which participants receive a dose of 10mg of VB0004 daily for a study period of 14 days, is also currently in progress.

The pharmacokinetic (PK) analysis from Cohort 4 confirms the parameters observed in Cohort 3 in which the plasma concentrations of VB0004 increased to maximal concentration (T_{max}) six to eight hours after dosing. Further, VB0004 has a plasma half-life (the time taken for the plasma concentration to decrease by 50% from T_{max}) of 9.5 to 10 hours. These data provide more evidence that VB0004 will be amenable to once daily dosing, a desirable feature in medications for chronic conditions such as hypertension, heart failure, kidney failure and pulmonary fibrosis.

Vectus has engaged in recent discussions with a number of pharmaceutical companies in respect of VB0004, as well as other compounds in the Company's patented drug library.

Patents

The Company has received notice of grant of the patent covering VB4-A32 and its related compounds from the Philippines. The patent covering the VB0002, VB0003 and VB0005 series of compounds has been granted in Israel and Hong Kong. Notice of grant has been received from Singapore and Ukraine for the patent covering the D series of compounds, and the patent covering pulmonary fibrosis has been granted in Japan. Lastly, the patent relating to PCR quantitation by Accugen has been granted in India.

Finance and Corporate

The funds expended by Vectus during the recent quarter were largely in connection with the Phase I clinical trials for VB0004. Payments for Phase I, research, patents, staff costs and Directors' fees for the quarter amounted to \$880,000. Payments to related parties during the quarter were the CEO's salary of \$61,000 and the Non-Executive Directors' fees of \$33,000. Interest of \$12,000 on the \$442,000 loan from Non-Executive Director Maurie Stang was paid. During the quarter, fees of \$27,000 (for corporate services, including cost re-imburement for information technology, human resources and accounting services, in line with budget) were paid to Regional Healthcare Group Pty Ltd and Aeris Environmental Ltd, both of which Non-Executive Director Maurie Stang is a director.

7 Financing facilities

Note: The term "facility" includes all forms of financing arrangements available to the entity

Add notes as necessary for an understanding of the sources of finance available to the entity

	Total facility \$A'000	Amount drawn \$A'000
7.1 Loan facilities	442	442
7.2 Credit standby arrangements	-	-
7.3 Other (please specify)	-	-
7.4 Total financing facilities	442	442
7.5 Unused financing facilities available at quarter end		-

- 7.6 Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.

The terms of the original loan facility made available of \$2,500,000 by Director M Stang (current advance balance of \$442,000 after the last repayment of \$515,000 in June 2021) include an interest rate of 8% per annum, and security over all of the assets of the Company to secure past and future advances pursuant to the Director loan. The loan terms included a contractual obligation on the Company to utilise its future R&D tax offset payments from the ATO to repay the loan. The Company expects to repay the balance of the loan in the June 2022 quarter when the June 2021 financial year R&D tax offset refund is received from the ATO. The security will be discharged when the loan is repaid.

8 Estimated cash available for future operating activities

	\$A'000
8.1 Net cash from / (used in) operating activities (item 1.9)	(863)
8.2 Cash and cash equivalents at quarter end (item 4.6)	2,689
8.3 Unused finance facilities available at quarter end (item 7.5)	-
8.4 Total available funding (item 8.2 + item 8.3)	2,689
8.5 Estimated quarters of funding available (item 8.4 divided by item 8.1)	3.12

- 8.6 If item 8.5 is less than 2 quarters, please provide answers to the following questions:

8.6.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Not applicable

8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Not applicable

8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Not applicable

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 28 April 2022

Authorised for release to the market by the Vectus Board of Directors.

Notes:

- 1 This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so
- 2 If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 107: Statement of Cash Flows apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
- 3 Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
- 4 If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
- 5 If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
