About Total Brain Limited (ASX: TTB)

Total Brain Limited is a San Francisco and Sydney-based company that has developed and offers Total Brain, a mental health monitoring and support platform powered by the world's largest standardized brain database. Its SaaS platform has helped more than 1 million registered users to-date scientifically measure and optimize their brain capacities while managing the risk of common mental conditions. Benefits for employers and payers include better mental healthcare access, lower costs and higher productivity. Benefits for providers include improved patient outcomes, tracking of evidence-based outcomes across the continuum of care, and a reduction in clinician fatigue.
