Tenement Sale and Purchase Agreement signed with Larvotto Resources over Bedonia West

Ardea Resources Limited (ASX: ARL, **Ardea** or **the Company**) advises that as part of its strategy to prioritise exploration and development work on its Kalgoorlie Nickel Project (**KNP**) tenure, within 150km of the City of Kalgoorlie-Boulder, that the Company has executed a Tenement Sale and Purchase Agreement (**SPA**) with Larvotto Resources Limited (**Larvotto**) for the divestment of its non-core Bedonia West project.

In consideration for the 100% acquisition of Bedonia West, to be called the Eyre Project by Larvotto, Larvotto will meet tenement holding costs from execution of the SPA; Larvotto aims to list on the ASX and will issue Ardea \$200,000 worth of ordinary shares in the IPO (with a deemed value equal to Larvotto's IPO price); and Larvotto grants to Ardea a 1.5% NSR, with an option to extinguish the NSR for \$2,000,000 (in cash or Larvotto shares, at Ardea's election).

The divestment is subject to conditions precedent, including Larvotto being satisfied with its due diligence investigations and Larvotto completing a minimum \$4,000,000 (before costs) IPO and successfully seeking admission to the ASX Official List.

At present, Ardea does not intend to conduct an in-specie distribution of the Larvotto shares but notes that Ardea shareholders will retain exposure to Larvotto while Ardea holds the Larvotto Shares, which may be subject to ASX escrow upon the listing of Larvotto.

Ardea does not intend to seek shareholder approval for the divestment.¹

Ardea will continue to consolidate its large West Australian project portfolio and focus on the development of the KNP and its sub-set the Goongarrie Nickel Cobalt Project as well as targeted exploration of compelling nickel sulphide and gold targets within the KNP.

Authorised for lodgement by the Board of Ardea.
