## Cleansing Prospectus – Extension of the Closing Date

**Castillo Copper Limited** (“**CCZ**” or “**the Company**”) refers to the Cleansing Prospectus lodged by the Company with ASIC on 2 August 2021 (“**Prospectus**”) for an offer of up to:

(a) 10,000 Shares at an issue price of \$0.01 per Share, to raise up to \$100 (before expenses);

(b) 10,000 Options at an issue price of \$0.01 per Option, each exercisable at \$0.08 on or before 31 July 2024 to raise up to \$100 (before expenses); and

(c) 10,000 Options at an issue price of \$0.01 per Option, each exercisable at £0.044 each on or before 1 August 2024 to raise up to \$100 (before expenses),

(together, the “**Offers**”).

The Company confirms that the Directors have resolved to extend the Closing Date for the Offers under the Prospectus to 20 August 2021.

The primary purpose of the Prospectus is to remove any on-sale trading restrictions attached to the Listed options issued without disclosure under Chapter 6D of the Corporations Act on or before the Closing Date.

The Prospectus is substantially administrative in nature and was not issued to raise capital.

The Offers will now close on Friday, 20 August 2021, subject to the right of CCZ to close the Offers early or further extend the Closing Date. All references to the Closing Date in the Prospectus are therefore taken to be updated to refer to this new date.

The indicative timetable in Section 2.1 of the Prospectus is amended as follows to reflect the extension of the Closing Date:

<b>Event</b>	<b>Date</b>
Lodgement of Prospectus with the ASIC	2 August 2021
Opening Date of the Offers	2 August 2021
Closing Date of the Offers	20 August 2021

Authorised by the Board of Castillo Copper Limited.

Dale Hanna

Company Secretary

## **ABOUT CASTILLO COPPER**

Castillo Copper Limited is an Australian-based explorer primarily focused on copper across Australia and Zambia. The group is embarking on a strategic transformation to morph into a mid-tier copper group underpinned by its core projects:

- A large footprint in the Mt Isa copper-belt district, north-west Queensland, which delivers significant exploration upside through having several high-grade targets and a sizeable untested anomaly within its boundaries in a copper-rich region.
- Four high-quality prospective assets across Zambia's copper-belt which is the second largest copper producer in Africa.
- A large tenure footprint proximal to Broken Hill's world-class deposit that is prospective for zinc-silver-lead-copper-gold.
- Cangai Copper Mine in northern New South Wales, which is one of Australia's highest grading historic copper mines.

The group is listed on the LSE and ASX under the ticker "CCZ."
