COMMENTS FROM MANAGING DIRECTOR

Parkway’s Managing Director, Bahay Ozcakmak, makes the following comments:

“The completion of the change in company type announced today, to a public company limited by shares, enables the recently renamed Parkway Corporate Limited to advance a range of strategic interests, without the constraints of the legacy company name or corporate structure. We remain fully focused on advancing our stated dual objectives of building an industrial water treatment business through Parkway Process Solutions, whilst concurrently advancing the further development and commercialisation of our portfolio of next-generation water treatment technologies. By adopting this parallel approach, our objective is to build an operating capability and revenue base, whilst simultaneously developing a platform from which we can deliver increasingly sophisticated industrial-scale water treatment solutions. We continue to make strong progress towards achieving our stated objectives and look forward to sharing further updates (including in an upcoming corporate update), shortly.”

The release of this announcement has been approved by Parkway’s Managing Director, Bahay Ozcakmak.
