## Key Appointments in Communications Team

### Summary:

- In Germany, Vulcan has appointed Beate Holzwarth as Chief Communications Officer, effective from 1<sup>st</sup> of October 2021.
- Mrs. Holzwarth has over 20 years' experience in various communication and marketing roles within Mercedes-Benz Cars and Daimler Trucks. As a direct report of the divisional Board of Mercedes-Benz Cars Operations she was responsible for national and international ground-breaking events of new production sites with the involvement of state representatives and local politicians.
- Mrs. Holzwarth studied in Ludwigshafen on the Rhine and in Berlin. Beate lives in and is familiar with the region in which Vulcan is operating.
- In Australia, Vulcan has appointed Jessica Bukowski as Public and Investor Relations Manager.
- Ms. Bukowski was previously Senior Media and Corporate Affairs Specialist at Fortescue Metals Group (Fortescue), and prior to that was Adviser to former Australian Prime Minister Kevin Rudd AC and External Affairs Coordinator at Origin Energy.

Managing Director, Dr Francis Wedin, commented: *“With Beate and Jess joining us, we welcome two highly qualified and capable communications experts into our executive team. Beate’s experience in the German automotive industry with Daimler-Mercedes and her in-depth knowledge of the Upper Rhine Valley region, combined with Jess’ experience with the transformation of Fortescue towards becoming an integrated resources-renewable energy company, will be invaluable to our stakeholder communication as part of the development of the Zero Carbon Lithium™ Project.”*

### Highlights

Globally unique **Zero Carbon Lithium™** Project.

**Combined lithium chemicals & renewable energy project** in the Upper Rhine Valley of Germany.

EU’s **largest** lithium resource.

Located at the heart of the EU Li-ion battery industry.

Fast-track development towards supplying the EU’s battery & electric vehicle industry.

## VULCAN ENERGY ZERO CARBON LITHIUM™

### About Vulcan

*Vulcan is aiming to become the world's first lithium producer with net zero greenhouse gas emissions. Its ZERO CARBON LITHIUM™ Project intends to produce a battery-quality lithium hydroxide chemical product from its combined geothermal energy and lithium resource, which is Europe's largest lithium resource, in Germany. Vulcan's unique, ZERO CARBON LITHIUM™ Project aims to produce both renewable geothermal energy, and lithium hydroxide, from the same deep brine source. In doing so, Vulcan intends to address lithium's EU market requirements by reducing the high carbon and water footprint of production, and total reliance on imports. Vulcan aims to supply the lithium-ion battery and electric vehicle market in Europe, which is the fastest growing in the world. The Vulcan Zero Carbon Lithium™ project has a resource which can satisfy Europe's needs for the electric vehicle transition, from a source with net zero greenhouse gas emissions, for many years to come.*

**Disclaimer**

Some of the statements appearing in this announcement may be in the nature of forward-looking statements. You should be aware that such statements are only predictions and are subject to inherent risks and uncertainties. Those risks and uncertainties include factors and risks specific to the industries in which Vulcan operates and proposes to operate as well as general economic conditions, prevailing exchange rates and interest rates and conditions in the financial markets, among other things. Actual events or results may differ materially from the events or results expressed or implied in any forward-looking statement. No forward-looking statement is a guarantee or representation as to future performance or any other future matters, which will be influenced by a number of factors and subject to various uncertainties and contingencies, many of which will be outside Vulcan's control.

Vulcan does not undertake any obligation to update publicly or release any revisions to these forward-looking statements to reflect events or circumstances after today's date or to reflect the occurrence of unanticipated events. No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions or conclusions contained in this announcement. To the maximum extent permitted by law, none of Vulcan, its directors, employees, advisors or agents, nor any other person, accepts any liability for any loss arising from the use of the information contained in this announcement. You are cautioned not to place undue reliance on any forward-looking statement. The forward-looking statements in this announcement reflect views held only as at the date of this announcement.

This announcement is not an offer, invitation or recommendation to subscribe for, or purchase securities by Vulcan. Nor does this announcement constitute investment or financial product advice (nor tax, accounting or legal advice) and is not intended to be used for the basis of making an investment decision. Investors should obtain their own advice before making any investment decision.

**Competent Person Statement:**

The information in this report that relates to Mineral Resources is extracted from the ASX announcement made by Vulcan on the 15 December 2020, which is available on [www.v-er.eu](http://www.v-er.eu). The information in this presentation that relates to the Pre-Feasibility Study for the Vulcan Lithium Project is extracted from the ASX announcement "Positive Pre-Feasibility Study", released on the 15<sup>th</sup> of January 2021 which is available on [www.v-er.eu](http://www.v-er.eu). The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcements and that all material assumptions and technical parameters underpinning the estimates in the relevant market announcements continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcements.
