Key Highlights

- **Completion of RC Drilling program at Brandy Hill South**
- **Diamond tail drilling commenced at Brandy Hill South**
- **Diamond Drilling intersected ultramafic/high-Mg basalts in Hole BHRCD019 from 92m to end of hole at 393m**
- **Assay results were released from RC drilling completed in the December quarter**
- **Assay results still pending for 13 RC holes**

Recharge Metals Limited (ASX: REC, Recharge or the Company) is pleased to present a summary of activities for the quarter ended 31 March 2022.

Recharge's primary focus for the quarter was on exploration at the Brandy Hill South Project, completing the Reverse Circulation (RC) drilling program and the subsequent commencement of diamond drilling.

Exploration Activities

The Company completed the RC program and commenced diamond tail drilling exploration at the Brandy Hill South Project, while also progressing the Bohemia Downs and the Tampia East Projects through negotiating heritage agreements, data compilation and targeting.

Brandy Hill South

RC Drilling Program

Recharge commenced its maiden drilling program during November 2021, completing four (4) Reverse Circulation (RC) holes prior to resuming the drilling in December with a larger capacity drill rig. Drilling concluded in January 2022, with a total of twenty (20) holes for 3,374m completed. The RC drilling program was designed to test the continuity of mineralisation, depth extensions of the mineralisation and extensions along strike at the Brandy Hill South Project.

Thirteen holes (13) holes were completed in January 2022, totalling 2,181m on E59/2181, refer to Table 1.

During the quarter, the Company received results from the RC drilling program. Significant results returned from first four holes (refer ASX Announcement dated 8 February 2022) included:

- BHRC006
 - 12m @ 1.20% Cu, from 74m, including
 - 4m @ 2.87% Cu from 74m
 - 1m @ 5.92% Cu, from 147m
- BHRC007
 - 32m @ 0.49% Cu, from 65m
- BHRC008
 - 10m @ 0.71% Cu, from 69m; and
 - 16m @ 0.41% Cu, from 78m, including
 - 1m @ 1.46% Cu from 87m

Significant results returned from a further three holes were received subsequent to the end of the quarter (refer ASX Announcement dated 13 April 2022). Significant results included:

- BHRC009
 - 3m @ 0.37% Cu from 74m
 - 10m @ 0.29% Cu from 104m
- BHRC010
 - 23m @ 0.55% Cu from 48m, including:
 - 1m @ 1.04% Cu from 54m, &
 - 4m @ 1.46% Cu from 62m
 - 4m @ 0.31% Cu from 164m
 - 6m @ 0.34% Cu from 184m
 - 3m @ 0.35% Cu from 199m
- BHRC011
 - 4m @ 0.25% Cu from 44m in BHRC011

BHRC025	444460	6805600	280	-60	90	180

¹ Easting and Northing Coordinate System = UTM GDA94 Zone 50

Samples from the January drilling are currently undergoing analysis, with results anticipated in the June quarter 2022.

Diamond Drilling and Downhole Electromagnetic Surveying

Three (3) RC holes (BHRC018, BHRC019 and BHRC023) were selected to be extended with diamond tails, with each to be drilled from the current end of the hole (approx. 90m) to a depth of approximately 300m. Recharge engaged Drillcore Pty Ltd to complete the diamond tail program. Drilling commenced on the 25th February 2022.

Based on observations made during the recently completed RC drilling program, the diamond tail program is expected to provide valuable structural and lithological information, which will assist in understanding the nature of the primary mineralisation as well as the apparent supergene mineralisation identified within the oxidised/transition zones of the weathered profile.

The first diamond tail, BHRC019 was completed during March 2022. BHRC019 was drilled beyond the planned depth of 300m to 393m due to the presence of sulphides beyond the target zone. Drilling intersected intense hydrothermal alteration, including carbonate, chlorite, epidote, quartz and sericite, throughout the lithological sequence.

Table 2: Drillhole collar details for Diamond Tail drilling program - Brandy Hill South

HoleID	East ¹ (m)	North ¹ (m)	RL ¹ (m)	Dip	Azi	Depth (m)
BHRC019	444057	6805307	277	-60	90	393

Tampia East Project

The Tampia East Project is within the Western Gneiss Terrane of the southwest Yilgarn Province, WA and consists of a single Exploration Licence, namely E 70/5747.

Recharge had an option to acquire E 70/5003 which, during the quarter ended March 2022, was not exercised and as such commenced transferring E 70/5756 to the vendor of E 70/5003 as a condition of the Hyden Option agreement, if the option over E 70/5003 was not exercised.

Detailed mapping and surface geochemistry sampling programmes are currently being planned for the Tampia East Project during the June Quarter.

Bohemia Downs

The Bohemia Project comprises three exploration licence applications (E 80/5574, E 80/5575 and E 80/5576), which collectively cover 181 Blocks (~570km²) in the Lennard Shelf, Kimberley Region, WA.

Negotiations with the native title owners of the land for heritage protection agreements have resulted in two heritage protection agreements being executed in March 2022.

Negotiations with the native title owner of the land for the remaining heritage protection agreement have progressed during the quarter and are expected to be executed in the June quarter.

Planned Activities for Quarter ending 30 June 2022

Brandy Hill South Project

The following activities have been planned for the current quarter:

- Completion of drillholes BHRCD018 and BHRCD023;
- Detailed logging and analysis of all core from BHRCD018, BHRCD019 and BHRCD023, before submission to laboratory for assays; and
- Completion of downhole electromagnetic (DHEM) surveying.

Tampia East

- Mapping; and
- Geochemical sampling program.

Bohemia Downs

- Completion of Negotiating Heritage Agreement with Native Title Parties.

Corporate

Financial

Recharge currently has approximately \$3.181 million to fund an aggressive exploration programme. After the rapid acceleration of exploration activities following the IPO, and payment of all the capital raising expenses, cash on hand as at 31 March 2022 was \$3.256 million.

Related party payments for the Quarter, as outlined in the Appendix 5B at section 6.1, total \$102,789 and includes amounts paid to directors including director's fees and statutory superannuation.

Exploration and Evaluation Expenditure capitalised during the quarter ended 31 March 2022 was \$618,666.

Capital Structure as at 31 March 2022

Description	Number
Fully paid ordinary shares	45,562,501
Unlisted options exercisable at \$0.25 on or before 13 February 2024	3,000,000
Unlisted options exercisable at \$0.25 on or before 7 October 2024	5,712,000
Unlisted options exercisable at \$0.25 on or before 7 July 2024	400,000

During the quarter 1.56 million restricted shares were released from escrow after the escrow period expired. There are currently 32.58 million fully paid and unrestricted shares on issue, with a further 12.98 million fully paid shares under escrow.

Use of funds¹

Recharge provides the following disclosures required by ASX Listing Rule 5.3.4 regarding a comparison of its actual expenditure to date since listing on 11 October 2021 against the 'use of funds' statement in its prospectus dated 10 August 2021.

Expenditure	Funds allocated under Prospectus	Actual to 31 March 2022	Variance
Exploration	\$2,560,000	\$1,025,079	(\$1,534,921)
Working capital	\$1,956,289	\$506,784	(\$1,449,505)
Vendor under Hyden Tenement	\$5,528	\$5,528	-
Stamp Duty	\$128,307	53,952	(\$74,355)
Costs of offer	\$600,083	\$656,124	\$56,041
Future acquisition costs	\$200,000	-	(\$200,000)
Total	\$5,450,207	\$2,247,467	(\$3,202,740)

1. The Use of Funds table is a statement of current intentions, investors should note that the allocation of funds set out in the table may change depending on a number of factors including the results of exploration, outcome of development activities, regulatory developments and market and general economic conditions.

This announcement has been authorised for release by the board.

About Recharge Metals

Recharge Metals Ltd is an Australian copper developer and explorer, focusing on Australian copper projects.

Three **100% owned** Western Australian development and exploration projects:

- **Brandy Hill South** Cu-Au mineralisation
- **Tampia East** Cu-Ni-Co mineralisation
- **Bohemia** Cu- Pb-Zn mineralisation

Competent Persons Statement

The information in this announcement that relates to Exploration Results is based on information compiled and fairly represented by Mr Brett Wallace, Managing Director of Recharge Metals Ltd, who is a Member of the Australasian Institute of Mining and Metallurgy (MAusIMM). Mr Wallace has sufficient experience relevant to the style of mineralisation and type of deposit under consideration, and to the activity which he has undertaken, to qualify as a Competent Person as defined in the 2012 Edition of the Joint Ore Reserves Committee (JORC) Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr Wallace consents to the inclusion in this report of the matters based on this information in the form and context in which it appears.

6.1	Aggregate amount of payments to related parties and their associates included in item 1	99
6.2	Aggregate amount of payments to related parties and their associates included in item 2	4

Note: if any amounts are shown in items 6.1 or 6.2, your quarterly activity report must include a description of, and an explanation for, such payments.

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

7. Financing facilities	Total facility amount at quarter end \$A'000	Amount drawn at quarter end \$A'000
<i>Note: the term "facility" includes all forms of financing arrangements available to the entity. Add notes as necessary for an understanding of the sources of finance available to the entity.</i>		
7.1 Loan facilities	-	-
7.2 Credit standby arrangements	-	-
7.3 Other (please specify)	-	-
7.4 Total financing facilities	-	-
7.5 Unused financing facilities available at quarter end		-
7.6 Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.		

8. Estimated cash available for future operating activities	\$A'000
8.1 Net cash from / (used in) operating activities (item 1.9)	(166)
8.2 (Payments for exploration & evaluation classified as investing activities) (item 2.1(d))	(618)
8.3 Total relevant outgoings (item 8.1 + item 8.2)	(784)
8.4 Cash and cash equivalents at quarter end (item 4.6)	3,249
8.5 Unused finance facilities available at quarter end (item 7.5)	-
8.6 Total available funding (item 8.4 + item 8.5)	3,249
8.7 Estimated quarters of funding available (item 8.6 divided by item 8.3)	4
<i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>	
8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:	
8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
Answer:	
8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Answer:	

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 29 April 2022

Authorised by: **The Board of Recharge Metals Limited**

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
