8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
<p>Answer: The Appendix 5B shows that Besra has adequate funds for the June and September 2022 quarters based on the March 2022 spend, a quarter characterised by diamond core drilling, and commission of an EIA for the Jugan Prospect. The next two quarters will be a period of geological interpretation and resource review following the assay results from the Jugan Prospect together with drilling at the Bekajang Prospect.</p>	
8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
<p>Answer: No, there are no immediate proposals to raise further funds for the Company's operations.</p>	
8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?	
<p>Answer: Yes, Besra does expect to be able to continue its operations and to meet its business objectives - exploration is not expected to continue at the same rate in the next two quarters while analysis work is conducted and Besra has a very experienced management team that has planned and budgeted for the initial drill program, and ancillary activities.</p>	
<p><i>Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.</i></p>
