

ASX ANNOUNCEMENT / MEDIA RELEASE
17 June 2022

Development of Cokal's BBM Coking Coal Mine Continues. Initial Coal Sales Forecast for September 2022

Cokal Limited (**Cokal**) (ASX: **CKA**) is pleased to provide the following update on the Bumi Barito Mineral (**BBM**) coking coal mine (Cokal 60%). Development continues to advance rapidly, and first coal sales remain on-track for September 2022.

This ASX Announcement supplements Cokal's ASX Announcements of 3 June and 8 June 2022 and provides the following additional updates in regards to development activities:

Batu Tuhup Jetty

The initial operations and movement of coal from Krajan will be transhipped into larger barges using a floating crane placed at the Batu Tuhup Jetty.

This set-up will facilitate initial shipments of coal, whilst the permanent infrastructure at the Batu Tuhup Jetty is completed. Permanent facilities will allow for higher-capacity and will receive coal from Cokal's Mohing Haul Road.

Importantly, Cokal has achieved the following milestones in relation to the development of Batu Tuhup Jetty:

- Land clearance works are completed at Batu Tuhup Jetty.
- Land cut & fill works are ongoing.
- Permanent jetty infrastructure development tender to be released in this week.

Forward Looking Statements

This release includes forward looking statements. Often, but not always, forward looking statements can generally be identified by the use of forward looking words such as “may”, “will”, “expect”, “intend”, “plan”, “estimate”, “anticipate”, “continue”, and “guidance”, or other similar words and may include, without limitation statements regarding plans, strategies and objectives of management, anticipated production or construction commencement dates and expected costs or production outputs.

Forward looking statements inherently involve known and unknown risks, uncertainties and other factors that may cause the company’s actual results, performance and achievements to differ materially from any future results, performance or achievements. Relevant factors may include, but are not limited to, changes in commodity prices,

foreign exchange fluctuations and general economic conditions, increased costs and demand for production inputs, the speculative nature of exploration and project development, including the risks of obtaining necessary licences and permits and diminishing quantities or grades of resources or reserves, political and social risks, changes to the regulatory framework within which the company operates or may in the future operate, environmental conditions including extreme weather conditions, recruitment and retention of personnel, industrial relations issues and litigation.

Forward looking statements are based on the company and its management's good faith assumptions relating to the financial, market, regulatory and other relevant environments that will exist and affect the company's business and operations in the future. The company does not give any assurance that the assumptions on which forward looking statements are based will prove to be correct, or that the company's business or operations will not be affected in any material manner by these or other factors not foreseen or foreseeable by the company or management or beyond the company's control.

Although the company attempts to identify factors that would cause actual actions, events or results to differ materially from those disclosed in forward looking statements, there may be other factors that could cause actual results, performance, achievements or events not to be anticipated, estimated or intended, and many events are beyond the reasonable control of the company. Accordingly, readers are cautioned not to place undue reliance on forward looking statements.

Forward looking statements in this release are given as at the date of issue only. Subject to any continuing obligations under applicable law or any relevant stock exchange listing rules, in providing this information the company does not undertake any obligation to publicly update or revise any of the forward looking statements or to advise of any change in events, conditions or circumstances on which any such statement is based.
