FOR RELEASE TO THE MARKET

The Terms of Issue of the MINIs series listed below issued by RBS Group (Australia) Pty Limited provide that if the ASX Market Price of the Underlying Parcel trades at the Stop Loss Level, the MINIs in that series will initially be suspended from trading, and eventually terminated. The MINI series shown in the following table have been suspended today as a result:

<i>MINIs ASX Code</i>	<i>Underlying Parcel</i>	<i>Stop Loss Level per Underlying Parcel</i>	<i>Conversion Ratio</i>	<i>Strike Price</i>

Holders should note that under the Terms of Issue of the MINIs, the Issuer will display a bid in ITS at the level of the Cash Amount (as described in the Terms of Issue). This bid will appear in ITS from 2pm on the Trading Day after the breach of the Stop Loss Level until the close of Trading on the second Trading Day after the Stop Loss Level has been breached. Holders may sell their MINIs back to the Issuer via ITS during this period.

In the event that Holders do not do so, they may be entitled to receive a payment following termination of this series of MINIs. Holders should consult the Terms of Issue to determine the exact amount (if any) and method of calculation of such payment.
