CONTRACT RENEWAL WITH UNIVERSITY OF WOLLONGONG

Intermoco (ASX:INT) Melbourne, a leading water and energy, voice and data management company, is pleased to announce that the University of Wollongong has signed a two year contract renewal for the provision of metering services

Intermoco had previously installed and monitored two hundred and twenty five (225) electricity water and gas meters at the Wollongong Campus. The range of services provided to the University includes billing, Energy Management and meter maintenance. The contract renewal covers all of these services for the next two years.

The University of Wollongong is rated in the top two percent (2%) of Universities in the world, based on performance in 2009 and has approximately 25,000 students and 1800 staff. The University spans eight campuses with additional campuses in Sydney, Nowra, Batemans Bay, Bega, Moss Vale, Loftus and Dubai.

Intermoco's Director of Business Services Mr. Andrew Meehan stated: "The renewal of this contract is a true endorsement of our metering services expertise that we bring to the University. This contract provides us with great insight into the specific requirements of Universities that we can leverage into our pilot with the University of Greater Sydney and other Universities throughout Australia. This is the beginning of a long relationship with the UOW that will provide long term benefits to both organizations."

"We are also working with the University to increase the scope of our service offering."
