## On-market share buy-back update

---

John Bridgeman Limited (NSX: JBL) refers to previous announcements regarding its on-market share buy-back.<sup>1</sup>

Timing of the buy-back of up to 464,083 shares on-market will be delayed slightly in order to ensure operational processes are in place to allow all shareholders to have an equal opportunity to participate. The Company intends to start purchasing the shares on-market once appropriate orders have been placed this week.

Once this short delay has been addressed, the Company will make a further announcement advising when the buy order(s) will be ready to be released to the market to commence the buy-back.

The Company will make appropriate announcements regarding the number of shares bought back on each day that it successfully buys back the shares and upon completion of the buy-back.
