8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:

8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: Cash outflows from investing activities were elevated for the Quarter as Empire settled Carpentaria-2H drilling costs and ordered long-lead items for the forthcoming Carpentaria-2H fracture stimulation.

Empire's cash balance at the end of the March 2022 represented ~65 times net cash used in operating activities for the March 2022 Quarter, reflecting ample liquidity to continue to fund operating activities.

After the end of the Quarter, AusIndustry informed Empire that it had approved the first progress payments under the *Beetaloo Cooperative Drilling Program* grants which will increase Empire's cash balance by \$2.9 million when received.

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: No

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes, Empire's cash balance is ~65 times cash used in operating activities during the Quarter.

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
